infra-structure**

Game changing public policies Boosting IT sector development

Replicating a good
practice
at the regional level

Moldova introduced in 2006 a set of tax incentives for IT companies, based on the Romanian model.

Becoming a best
practice
At the global level

In 2019, MITP was recognized by the ITU as one of the best global practices in promotion and development of the IT ecosystem.

ICT sector

5G

A large, 3D, metallic-looking '5G' logo is positioned on the left side of the slide. To its right, there is a smaller, grey Wi-Fi symbol. The background of the slide is dark with a grid pattern and some blurred light spots.

- 98% fiber coverage
- 98% 4G coverage
- One of the highest Internet average speed
– 43,52 Mbps/2017
- 76% Internet penetration (for Digital literacy and access to networks)
- 5th place in the world for broadband affordability

ICT in Moldova

The fastest growing industry
(2019 – 7.1% in GDP)

Government top priority

We needed a solution to:

Boost regional competitiveness
